

## Instructions for sewing Tie-On Bags for Back of Wheelchairs / Walker Bags.

Use sturdy, washable fabric. The more colorful the better.

### ***For Bags:***

**SMALL:** Cut fabric 28" long x 15" wide

**LARGE** (most used): Cut fabric 30" long x 17" wide.

Hem both long ends with 1-1/4" hem (1/4" turn under, then 1" turn under)

### ***For Ties (4 for each bag):***

Cut four pieces of fabric 18" long x 2" wide.

1. Turn under one end of tie, and then fold fabric from both sides toward middle. Now fold in half and sew down side.
2. To attach ties to bag: With bag fabric wrong side up, attach a tie at each corner of hem 1-1/2" inside. Sew securely.
3. Fold bag fabric in half, right sides together, pin and sew 5/8" seam down each side. Turn and press, or you can double seam sewing bag together.
